

Giveaway Countdown FAQ/Extra Instructions

If you are trying to find where to enter your end dates, note the below Figure 1: Some templates and template frameworks automatically hide CUSTOM FIELDS in Edit Post windows. You can easily re-enable them- find the Screen Options tab at the top of your screen, open it, and turn ON Custom Fields.

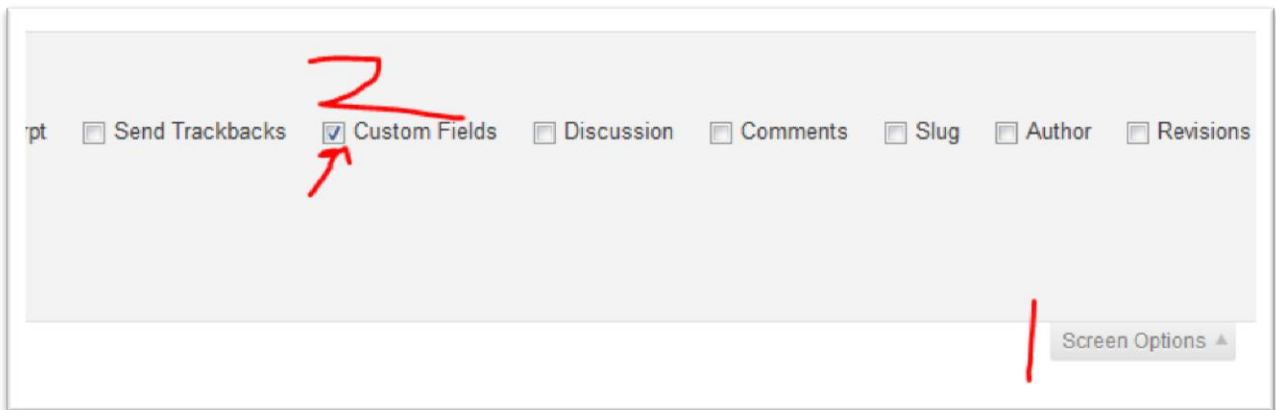

Figure 1 - How to SHOW Custom Fields using the Screen Options on EDIT POST screens

The above Custom Fields show up UNDER your post Editor window, (sometimes amidst items like SEO plugin tools, and author boxes, etc.. Another example of a correct entry into this area is below in Figure 2:

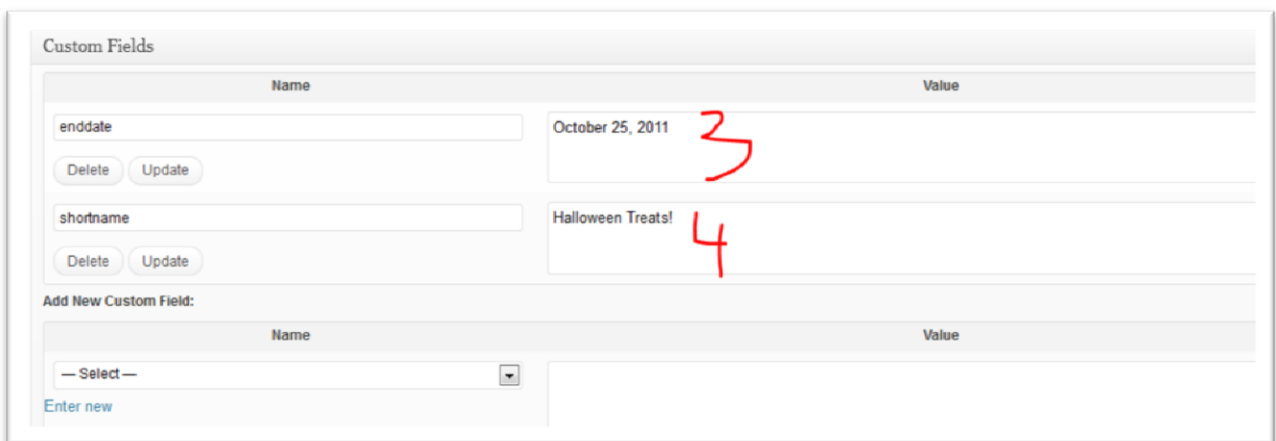

Figure 2 - Adding the enddate and the shortname

Continued on next page....

Lastly, your entry needs a featured image. MANY templates utilize this feature to create icons or preview images associated with posts. The Giveaway Countdown Plugin uses the same. If you've not used this feature before- find Featured Image in the Right Sidebar of your Edit Post Page.
